About Quality Built

Quality Built®, headquartered in Fort Lauderdale, Florida, is a leading national construction quality assurance and inspection management company.

Quality Built provides third-party quality assurance services and a full spectrum of quality and risk management solutions such as property condition assessments, tainted drywall assessments, building evaluations, data collection tools, collateral inspection services, reporting and support services on high-quality residential and commercial construction projects nationwide.

About West Coast Property Consultants

WCPC has provided 3rd party quality control inspection services to homebuilders in the western United States since 1990. We saw a need for builders to work proactively to eliminate potential problems arising from poor construction practices. To that end, WCPC has worked diligently with our builder clients to design programs and procedures that help raise the overall level of quality in every home built.

Quality Built's Commitment

Quality Built is committed to being a visionary leader in the insurance, financial and construction industry by providing reliable and innovative Third Party Quality Assurance Services to our clients and by

Special Announcement

Exciting News!

Quality Built LLC, & West Coast Property Consultants Join Forces

Dear Elizabeth,

We are writing to you today to share some exciting news! Quality Built, LLC (Quality Built) and West Coast Property Consultants (WCPC) have decided to come together to become the nation's undisputed leader in quality assurance. By joining the two companies together, we are able to immediately expand our scope of services and offer more options, more industry experts and greater technology than either company could provide on its own and with the strong financial backing necessary to expand during tough economic times.

For our WCPC clients, there will be no noticeable change on an operational level. WCPC will operate as an independent division of Quality Built. As such, on-going projects will continue to be serviced by the same personnel, using the same protocols, software and processes. All websites, login, passwords, phone numbers and email addresses will remain the same. One thing that will change is WCPC's address beginning on January 15, 2012, when WCPC moves into its new location at:

**15950 Bernardo Center Drive
San Diego, California 92127-1828**

Beth Michaelis will serve as President of the combined companies and Barbara Murray will serve as a consultant to Quality Built LLC to ensure continuity in service, assist with assigning contracts, obtaining necessary Certificates of Insurance and other duties related to the transition. Our highest priority will be to maintain the same level of outstanding customer service for which WCPC is nationally recognized. In addition, Blaise Kostielney will continue as Regional Manager/Sales Account Manager for Northern California, Arizona and Nevada. Shawn Brennan will remain as

providing those services in the most professional and efficient manner utilizing cutting-edge technology, proprietary software and employees who maintain the highest level of integrity and expertise. Contact Quality Built today at 800-547-5125 or email: sales@qualitybuilt.com
